

## MAXIMUM MODULARITY

CMF® NEXXT for You offers 4 programs in its basic configuration package:

- Swelling reduction ■
- Inflammation reduction ▲
- Musculoskeletal pain ▲
- Oxidative stress ▲

This basic configuration can be developed and expanded modularly according to the user's changing needs and requirements: additional packages or add-on programs can be purchased at a later date or even hired for short periods.

### Optional programs:

- Pain relief ■
- Fibromyalgia ●
- Joint pain ■
- Neuro-myofascial pain ●
- Antibacterial ▲
- Tissue regeneration ■
- Bone regeneration ■
- Muscle regeneration ■
- Cartilage regeneration ■
- Nerve regeneration ■
- Antiaging ●
- Metabolism ●

■ used with the automated intensive applicator (supplied);

▲ used with the automated intensive applicator or magnetic mat (both supplied);

● used with the magnetic mat (supplied).

## ECONOMY AND EASE OF USE

CMF® NEXXT for You can be yours in return for small monthly instalments. It can be used by the whole family to treat a long list of bone and joint conditions, and more.

It is very simple to use and managed by means of an app that you can download onto your smart phone. Treatments can also be carried out using dedicated QR-Codes.

Supplied as standard with a mat and high-efficiency intensive applicator, the device is already compatible with cutting-edge emitters that can be purchased at a later stage.

# NOW YOU CAN SAY GOODBYE TO PAIN

[www.mfisrl.com/NEXT](http://www.mfisrl.com/NEXT)

Now you can quickly treat yourself at home\* effectively and professionally using CMF® **NEXT for You**.

This accredited technology is designed to treat pain and trauma at home. It can be used in conjunction with drug treatment or physiotherapy.

\* On medical prescription

## HOW TO TREAT CHRONIC PAIN AND INFLAMMATION

Chronic pain should be considered a disease and not a symptom, and treated as such.

The CMF® uses complex multi-frequency magnetoelectric fields to control pain, swelling and inflammation while also speeding up repair functions. The outcome is a reduction in pain symptoms, irrespective of age, gender and underlying disease.

It is particularly successful in combating chronic whole-body inflammatory and oxidative conditions. Such conditions, particularly low-level conditions that are often associated with dietary imbalance, excess weight or unhealthy lifestyles (sedentariness, smoking etc.) **predispose people to the onset of serious diseases** such as various types of cancer, diabetes, cardiovascular diseases, neurodegenerative diseases and so on. Such generalised chronic imbalances are all the more dangerous because they often come with few symptoms or none at all. Correcting them can really help prevent serious acute and chronic diseases.

## UNIQUE, INNOVATIVE TECHNOLOGY

CMF® **NEXT for You** has no side effects. It is easy to use, and its heat-free waves are comfortable for the patient because they are non-invasive. This state-of-the-art physical therapy can be used to treat a long list of muscle, joint and musculoskeletal pains with the same effectiveness.

**It can even be used with metal prostheses and plaster casts**

## IMMEDIATE THERAPEUTIC EFFECTIVENESS

CMF® **NEXT for You** ensures a **significant reduction in pain** within the first 2 to 4 sessions (evaluated on a VAS scale).

The first significant reduction is achieved within **the first 24/48 hours**.
